Dear Harcum College Allied Health Student,

Welcome to Harcum College. This letter provides information and instructions regarding the Student Health Services Requirements for all Harcum College Allied Students. Please take this letter and forms to your physician for careful review and completion. Included with this letter are several forms. The first is a Titer record. Note that, when you complete this form, you are asked to submit the laboratory reports of titers/antibodies that verify your immunity to infection with Measles, Mumps and Rubella, Varicella, and Hepatitis B. The other forms include a Physical form which must be completed by your healthcare provider and a meningitis form. Please complete these forms as soon as possible and send them to the appropriate address listed at the top of this letter.

In addition to the immunization information outlined above you are also asked to provide the date of your last Adacel (Tdap) booster shot. This is a newer vaccine and replaces the Tetanus/Diphtheria booster shot. The date of your last booster needs to be within the last ten years.

You are required to have a two-step Tuberculin Skin Test (PPD). This may be done by your health care provider or can be done at the Health Center at Harcum College. You may call the office for more information and appointment times.

Finally, in the fall you will be required to show proof of receiving the Flu Vaccine. You do have the option of signing a waiver form if there is medically documented allergy.

Meeting these requirements is an important first step before you matriculate at Harcum College to protect your health and the health of your patients. If your insurance will not cover the titer or antibody testing, please call the Health Center to discuss other options available or if you have any questions or concerns, please call Theresa Gordon, RN at 610-526-6090.

Please complete these forms fully and attach the laboratory reports for all antibody titers, 9 panel urine drug screen, and flu vaccine documentation. Keep a copy of all documents for your own record.

You can use the below checklist to keep track of your requirements.

<u>Requirement</u>	<u>Completed</u>
Hepatitis B Antibody Titer	_____
Measles Antibody Titer	_____
Mumps Antibody Titer	_____
Rubella Antibody Titer	_____
Varicella Antibody Titer	_____
Completed Pre-Matriculation Physical	_____
Tdap Booster (within the past 10 years)	_____
Two-step PPD (Must be within 2 months)	_____
9 panel Urine drug screen	_____
Flu Vaccine	_____

Please send all of the attached forms to the above address and to the attention of:

Theresa Gordon, RN, BSN
